Weak Heart? Beware
100,000,000 Years Hence
The Old War
A Boomless City
By Arthur Brisbane

IF YOU HAVE any tendency to heart disease, don't speculate in Radio stock. When the stock exchange opened yesterday the ticker said: "Radio is worth \$175." A few minutes later it said: "Radio is worth \$176 1/2." A few minutes later it said: "Radio is worth \$178." When the stock exchange closed the ticker said: "Radio is worth \$187."

When a young hero in the navy wanted to marry David Warfield's daughter, in old Weber and Field days, Warfield said: "A hero; that's not a business."

You might say that of buying Radio.

A stock gambling craze afflicts England also, with business "not so good." The explanation will interest our speculators.

Britons speculate on "new enterprises," on big profits from the thing not done yet or not done thoroughly.

They realize that real wealth is in human ingenuity, and are gambling on the intelligence of men. Not such a bad risk.

Bishop Richardson, of Episcopa, asks his Methodist Episcopal congregation: "What are you going to do being 100,000,000 years from tonight? And reminds them that 100,000,000 years is only the beginning of eternity."

Many have asked themselves that question, wondering if doing nothing, no marrying or giving in marriage, no engaging in any business or making inventions does not become tiresome at the end of 100,000,000 years or a billion-million years.

Mr. Richardson says we are not going to be idle. Good news for the ambitious.

Commercial war never ends. John Bull and Uncle Sam now fight for control of the world's oil supply.

John Bull goes about the thing intelligently. Everywhere in the British Empire water power is being developed, especially in Canada. Even in England they plan to use tide power at the mouth of the Severn. The more electric power used the less use of oil.

Here we seek new ways to burn up our oil, allowing a chosen few to monopolize the water power.

However, when our oil is burned up, the government will have to do something about our water power. That's our comfort.

Merchants in smaller towns consider this: Ferry boats and railroad lines carried in 1927 to New York city \$45,317,243 passengers.

Think what that means in spending power.

New York is one city that has never had a real estate boom. No boom would be big enough to tell the fact.

Millions visit New York, where their wives take the cure to the shops. And those visitors while in New York live and spend their money in a small part of Manhattan bounded by Thirty-fourth and Fifty-sixth streets, Eighth and Third aves.

In these few blocks of stores and hotels New York business men skin the cream from Uncle Sam's financial milk pail.

How much will a really good New York corner be worth 50 years hence?

The Rev. Dr. Straton says an angel saved his wife's life by snatching open the door of an automobile in an accident.

Nobody can deny that state man. The Bible tells of miracles more wonderful and of angels sent on special errands.

But some will wonder why the angels miss so many opportunities to do the same thing for those who turn to Page 10, Column 2.

SAYS READING THREATENED L. A. W. HEAD WITH ARREST

WOLF'S LAWYER SAYS AUDIT WAS FORCED BY FEAR OF GRAND JURY

Atty.-Gen. Reading threatened L. A. Wolf, head of the United L. A. W. Acceptance Corporation, with Grand Jury action if he did not allow an audit of the corporation's books to be made by Edwin L. Pride, according to testimony of Jacob Asher, counsel for Wolf.

Reading said that Officer Mitchell's outside his office ready to do his bidding. Asher testified, Reading said he would take necessary action that might lead to Wolf's arrest, Asher said.

For settlement of difficulties between the United L. A. W. Acceptance Corporation of Worcester and its subsidiaries, Atty.-Gen. Arthur C. Reading received \$2000 in cash and a \$25,000 certificate of deposit to his account, according to testimony today before the legislative committee investigating Reading's conduct in office.

Edwin L. Pride, accountant, made this admission in explanation of what happened to the \$30,000 check made out to Reading on the day the settlement took place.

The meeting at which the settlement was effected took place in Reading's office in the Tremont building, Reading testified. In response to a leading question he denied that he knew there was an understanding.

CONG. GALLIVAN DIES OF HEART TROUBLE IN ARLINGTON HOSPITAL

Congressman James A. Gallivan of South Boston, outstanding figure in the political life of the nation, died today at the Ring Hospital, Arlington, aged 61.

The colorful career of the representative from the Peninsular District, one of the most outspoken and bitter enemies of prohibition, was brought to a close shortly before dawn by heart trouble.

He had been an inmate of the institution only since Monday, having gone there for a few days' rest on the advice of Dr. Edward Denning.

The end is believed to have been hastened by the trip which Congressman Gallivan made to Boston last week to attend the installation of George E. Curran as exalted ruler of a lodge of Elks. The congressman had long been a devotee of the local lodge, and made the trip here against the advice of his Washington physician, Admiral Cary Grayson, formerly White House physician during the Wilson administration.

N. Y. BOARD WON'T O. K. HEENEY-TUNNEY TILT

New York, April 3 (AP)—The New York state commission today unanimously refused to recommend the election of James Heenev and Tunney to the state senate in 1930.

Information relative to the match-up of Tunney and Heenev for July 1930 was conveyed to the board by Commissioner of the State Election, James H. Smith, who said the commission indicated its snub attitude was based on a technicality in not providing direct ballot for the election of the two.

MAINE'S 12 DELEGATES INSTRUCTED FOR SMITH

Bath, Me., April 3 (AP)—By a vote of 48 to 17 the Democratic state convention today instructed its delegates to vote for Alfred E. Smith, as long as his name shall be before the convention as a candidate for the presidential nomination.

The motion was adopted following an hour's sharp debate in which the delegates were instructed to vote for Smith.

New York, April 3 (AP)—Mrs. Belle Evans Wilson, society woman and her sister, Mrs. John Wilson, were held in \$25,000 bail today for slandering her husband, John H. Wilson, wealthy attorney. Wilson is now in a hospital, recovering from an attack of pneumonia.

Find Ruined City 1000 Years Old in Jungle

London, April 3 (AP)—The discovery of a ruined city built over 1000 years ago in the jungle was the result of a mysterious race now extinct, has been made by a young American explorer and play-wright, Harry Hervey, according to the London Times.

Hidden beneath huge jungle trees and surrounded by thick vegetation, the city is held in awe by the natives, who know nothing of its history. Hervey was told about the ruins by a human dealer in Shanghai whom he had befriended. The man said that the place was known to the natives as "Wai-Pin," and was built by a race of people known as the "Khuers."

DEPEW MUCH BETTER AFTER SLIGHT COLO
New York, April 3 (AP)—Charles M. Depew, president of the board of directors of the New York Central Railroad, who has been reported ill at his home here with a cold, is greatly improved this morning.

Due to the advanced age of the famous after-dinner speaker his illness was regarded with some apprehension, but reports this morning indicate that there is no immediate danger.

SCHOONER ON FIRE AT SEA

San Francisco, April 3 (AP)—Caught in the nets which she shakedown the waters of the Pacific for the past two days, the schooner Jeanette, with 25 men on board, is battling a fire at sea, off the Oregon coast, according to radio reports reaching here today.

The oil tanker Kowloon, which is standing by, managed that morning to get the schooner on fire.

The steam schooner Ernest May, which is standing by, is reported to have made it very into the harbor of Astoria safely.

Street Urchin Outwits Reds, Nips Massacre

Canton, China, April 3 (AP)—A 14-year-old street urchin today was credited with having saved Canton from further bloodshed through a Communist uprising.

He informed police that the Reds were intending to massacre the Christians when they were in control of the city, held it for a few days and were content to flee for loss of life.

Under the leadership of the youth, the police were shown the hidden arms. Hiding these, the officers arrested 400 Communist leaders, and 1000 and thirty persons, including child women, were executed. Large quantities of Communist literature were confiscated, and the Communists' arms and ammunition. Also 25,000 red dollars, similar to those used in the December uprising by the Communists, were seized.

30 TEACHERS IN FITCHBURG ARE OUSTED

Fitchburg, April 3.—The 300 Fitchburg school teachers declare war here following the ruling of a school committee, reached at an early hour today, that 30 of their number must be dismissed and the sliding wage scale be abolished.

The teachers are not only incensed against the ruling, but against the manner in which it was put through, many charging that the method of procedure was of a chicanery.

The meeting, which was of such vital import to the teachers, was called for 7:30 o'clock and many of the teachers and their friends were in their right, were on hand. But the committee went into executive session almost immediately.

The vote on a motion of adjournment was 10-20 in favor of the teachers, and the committee adjourned at 10:30. The vote on a motion of adjournment was 10-20 in favor of the teachers, and the committee adjourned at 10:30.

MELLON SEEKS \$200,000,000 TAX SLASH

Continued from First Page

With loss of \$7,000,000 in 1929. (4) Exemption of income from American bankers acceptances, less by foreign corporations. The loss would be negligible.

For the \$200,000,000 reduction program Mellon, in addition to these items, proposed positions of the House revenue bill as follows:

(1) Increase in exemption from \$12,000 to \$15,000 for corporations with income not over \$25,000, with revenue loss of \$12,000,000.

(2) Increase in admission tax at \$4,000,000. (3) Increase in gift tax at \$1,000,000. (4) Increase in estate tax at \$1,000,000.

(5) Reduction of tax on wines with \$25,000,000 revenue loss.

Mellon opposed repeal of the automobile tax. He said the demand for this repeal comes not from automobile purchasers, but from manufacturers and dealers.

In discussing such tax reductions Mellon declared that the government is not to be taken in by the principle of graduated taxation. Mellon declared that there is no sound instruction for such procedure.

"There is nothing to indicate that business conditions will drive us to such a step," Mellon said. "The 1928 surplus will be about \$100,000,000."

Man, His Back Broken in 3 Places, Will Live, Say Doctors

Hingham, April 3.—Though John Donnelly's back is broken in three places he still lives today.

The youth, who is 21 and lives in West st., West Hingham, was plucked under a beam on a derrick at the Ammunition Depot here, which broke and fell.

He was taken to Cohasset Hospital where physicians said they are hopeful he will eventually live.

His injuries were described as follows: A fracture of the spine at the base of the skull, a fracture of the spine at the base of the skull, a fracture of the spine at the base of the skull.

68 CATHOLICS JAILED IN MEXICO

Mexico City, April 3 (AP).—Sixty-eight adherents of the Roman Catholic Church were under arrest today (Tuesday) while Mexican Catholics for the second time celebrated Holy Week without the offices of priests.

The arrests were made in the city of Mexico when police raided a house where they claimed they found propaganda aimed at the Government and evidence that those arrested were an organization supporting the insurgent movement in the State of Jalisco.

Three priests, Fathers Luis Barrera, Pablo Hernandez, General and Father Antonio Amador were among those taken into custody. They were charged with having violated the religious laws by conducting mass in a private residence.

Mexico City newspapers today published a Government statement which they said indicated that the insurgent group, known as the "Catholic League," had been ordered by the Government to discontinue its activities.

The statement also indicated that the Government was not to be taken in by the principle of graduated taxation. Mellon declared that there is no sound instruction for such procedure.

"There is nothing to indicate that business conditions will drive us to such a step," Mellon said. "The 1928 surplus will be about \$100,000,000."

Pick Your Own Weather, Says Uncle Sam to N. E.

The Weather Bureau in Washington hasn't said so in so many words but current chaotic conditions in the Boston office indicate that the Washington officials expect New England residents to do their own forecasting.

Today, for the second time in succession, the official forecast from Washington, which contradicts the local forecast, has been "lost" in transit, and Meteorologist George A. Loveland of the Boston Bureau was, therefore, an hour or more late in informing Greater Boston of weather conditions.

over the coming thirty-six hours, or here is a chance for a propeller, late and true. To add their own weather sheet. "Loveliness of Skin absolutely essential"

says E. MASON HOPPER
director for PATHÉ DE MILLE

"Beauty may be 'only skin deep' but nothing is more essential than the loveliness of a girl's skin. A star's public and director demand that beauty first of all. To survive the test of the merciless close-up her skin must be genuinely exquisite—no art can fake its beauty."—E. Mason Hopper.

LEADING motion picture directors have found that beautiful, smooth skin is the greatest charm a girl can have. It is even more important than bewitching eyes or lovely features, screen tests have shown them.

To every star in Hollywood, the loveliness of her skin is even dearer than it is to most women—her very career is at stake. Nine out of ten screen stars use Lux Toilet Soap.

It cares for their priceless skin the true French way—it is made by the famous method beauty-wise France discovered and uses for her finest toilet soaps.

All the great film studios, following the lead of their celebrated stars, have made Lux Toilet Soap the official soap in their dressing rooms.

You too, like the radiant stars whose exquisite skin is admired by millions, will love the caressing, instant lather of this delicately fragrant, white cake. Even hard water can't quell its bubbling lather! Order some Lux Toilet Soap today—enjoy the luxury that until now you only found in French soaps at 50c or \$1.00 a cake—now it's just ten cents! Lever Bros. Co., Cambridge, Massachusetts.

"No star can hope to look lovely unless she has a really velvety-smooth skin—'studio skin.' I find that Lux Toilet Soap leaves my skin so gently smooth that I have no fear of the high powered lights of the close-up."

\$27,000 PEARLS VANISH FROM WOMAN'S HOME

Buffalo, N. Y., April 3 (AP)—The loss of a \$27,000 pearl necklace of Mrs. Louise de Geronzi, prominent model woman, was reported to the police today. Edward de Geronzi told police his wife placed the necklace in a jewel deposit in her home upon her return from Florida several weeks ago and last discovered the loss. The necklace is composed of 62 pearls of graduated size, with diamond-studded clasp of platinum.

ACCUSED BY MAINE MAN OF \$5000 "STRAD" THEFT

North Hargen, N. J., April 3 (AP)—Archibald W. Gordon, 42, secretary of the Rock Quarry Company, is under arrest today on a warrant issued by the Municipal Court of Bangor, Me., accusing him of stealing a Stradivarius violin valued at \$5000. The complainant is William E. Cobb of Bangor, Me. Gordon, who formerly was proprietor of a violin repair shop at Bangor, said he didn't steal the violin, and that it wasn't a Stradivarius anyway, but an overvalued French violin worth \$250.

Black Bear on Lawn Keens North Adams Family at Home

North Adams, April 3 (AP)—A nonchalant black bear digging on the lawn at the home of Martin Harris here, kept the family on edge in their home for a time and forced the postponement of a social visit they were about to make when they discovered that Mr. Harris went for his gun but when he returned, the bear was snoring off toward the woods.

DEPEW CONFINED TO BED AFTER SLIGHT CHILL

New York, April 3 (AP)—Chancellor M. Depew was confined to his bed today suffering from a cold. The 54-year-old chairman of the board of directors of the New York Central Railroad suffered a slight chill while coming to New York last week from St. Petersburg, Fla., and a rise in his temperature yesterday caused Dr. H. Lyman Hooker, his personal physician, to call in mental consultants. Dr. Hooker, however, said his condition gave no reason for alarm.

30 GERMAN EDUCATORS TO VISIT NEW ENGLAND

New York, April 3 (AP)—A party of 30 German educators have arrived here for what is said to be the most comprehensive visit to American schools ever undertaken by a group of foreign educators. The visitors who came under the auspices of the Central Institute of Berlin and the International Institute of Teachers College, will be engaged on their inspection tour until July 1. Elementary schools and junior and senior high schools will be visited in 12 states, including Connecticut and Massachusetts.

COL. HOUSE'S 'HIT-AND-RUN' DRIVER FINED

Vincent Zumbo of New York, chauffeur for Col. E. M. House, confidential adviser of the late President Wilson, was fined \$10 today in Washington District Court as the result of an accident in Weston, in which Col. House's car flared.

He was found guilty of going away from the scene of an accident without making his identity known. The accident occurred in Weston, while Zumbo, with no passengers, was en route to the House summer estate at Westham, where Col. House will go on his return from Europe.

A small automobile, operated by Vernon Lindsay of Culby ave., Waltham, was overturned, and Lindsay was injured slightly. When Zumbo did not stop, Lindsay hailed a car and gave chase, overtaking him in Central ave., Waltham, and found him to return to Weston, where he was arrested.

HANAN SHOES

Are Now Established At 21 Temple Place

OUTSIDERS say that this is a critical community. We have found it so and we are glad of it. For the more fastidious the buyer is, the sharper the spur is for a merchant to maintain the highest standard of quality and service.

To achieve success in Boston carries with it a supreme compliment. We are justifiably proud of the following gained by Hanan Shoes in the metropolis of New England and the centre of what is finest and richest in American thought.

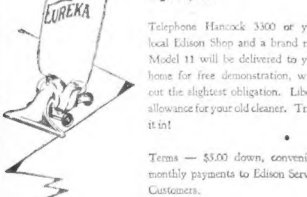

The beautiful new Hanan Store for Men and Women at 21 Temple Place is more convenient, more modernly equipped, more adapted for the presentation of Hanan Shoes in an environment worthy of their reputation and your patronage.

We invite you to visit this new establishment, confident that you will find it an ornament to the mercantile progress of Boston.

3 STATES PICK PRESIDENTIAL DELEGATES

Washington, April 3 (AP)—The first of the April crop of delegates to the national political conventions in June are being picked today. Republicans making selections in three states and Democrats in a like number.

On the day's calendar for both Republicans and Democrats were the Wisconsin primaries, with delegations of 24 to be picked by each party, and rather perfunctory primaries in New York for ratifying choice of 34 district Republican delegates and 36 district Democrats.

In addition, Maine Democrats, making use of the older convention system, assembled to select a House delegation of 12, and Republicans in the sixth Kansas district were called together to name two convention representatives, thus completing the Kansas delegation of 23 that will go to Kansas City bent on bringing about the nomination of Senator Curtis, the Republican floor leader, who is the Kansas "favorite son."

In all, the day will add 111 Republican delegates to the list of 315 already selected, while the Democratic total of 164 will be increased to 285.

In Wisconsin, among the Republicans, today's primaries afforded another showdown in the struggle between the La Follette faction and its more conservative foes, with the La Follette element supporting a state of convention delegates pledged to Senator Norris, of Nebraska, a leader in the Senate independent Republican group, and the opposition backing an undivided slate.

In the Wisconsin Democratic primary, Smith, Borah and Walsh were pitted against each other, but so much a different footing that no conclusive test of strength was to be expected.

The New York primaries furnished the last step in the making of the State Republican delegation of 30, which will be undivided.

Even after today's voting, the Democrats still will have to select their delegates, but they will complete a bloc of 90 votes that are certain to be cast solidly for Governor Smith.

Willis Delegates May Now Turn to Coolidge

Columbus, O., April 3 (AP)—Possibility of the Willis candidate campaign turning to Coolidge now that their leader has been taken by death, has been indicated by local dispatches here.

Other indications point to former Gov. Frank O. La Follette, of Illinois, the second choice of 34 of the 21 delegate candidates, and an expression of friendship to Vice-President Charles G. Dawes, who was looked upon by many as a "favorite son," because of his birth at Marietta.

The delegate candidates will meet here tonight following the funeral services for Sen. Willis at Delaware.

Among those mentioned as possible candidates for the Republican nomination to fill the unexpired term of Sen. Willis after the November election are Chief Justice Cullen, of Ohio, Governor Curtis, of Kansas, and Congressman James T. Begg, of San Francisco.

Hoover and Smith Win at Michigan Primary

Detroit, Mich., April 3 (AP)—Returns compiled today by the Detroit News from 1712 of 2047 precincts in the state show that Herbert Hoover received 148,932 votes for the Republican Presidential endorsement, and Gov. Alfred E. Smith, of New York, 114,422 votes for the Democratic preference in yesterday's preferential primary.

Although the names of Hoover and Smith alone were printed on the ballots, the returns indicated considerable scratching. Former Gov. Frank O. La Follette, of Illinois, received 1514; President Coolidge, 245; and Vice-President Dawes, 197, for the Republican nomination, and Senator Thomas Walsh, of Montana, 100; and Senator James A. Reed, of Missouri, 71, and William G. McAdoo, 45 votes for the Democratic nomination.

Black Cat and 3 Harps New Coat-of-Arms of John McCormack

London, April 3 (AP)—Count John McCormack, famous Irish-American tenor, who was recently admitted to Papal honors by Pope Pius XI, has taken out armorial bearings in accordance with his new title.

The bearings, as registered today at the College of Heralds in London, consist of three harps on a shield, a cross, the chief figure of which is a black cat, and the motto, "Felle Demitis Nix," which may be freely translated as, "Any cat will purr if you strike it."

McCormack's full title under the Papal peerage is "Count John St. McCormack, gentleman knight, commander of the Orders of St. Gregory and St. Sylvester."

position in the maneuvers of party leaders here today to select a temporary chairman and speaker for the Republican national convention.

This view predominated among observers after William M. Butler, alumnus of the University of Notre Dame, was reported to have been given the privilege of being the first to propose a temporary chairman when the committee on convention arrangements reconvened.

As this report gained credence, the names of Sen. Fessenden of Ohio and Moses of New Hampshire became favorites in a list of seven announcing from committee circles, the names of five others continued to be mentioned. They were Sen. La Follette, Massachusetts; Sen. Thomas, Illinois; Lyman Loomis, former senator from Wisconsin; Sen. Capper of Kansas; and Arthur M. Hyde, former governor of Missouri.

BOOTLEG CASE AIDED BY WILLIAMS STUDENTS

Adams, April 3 (AP)—Vigilance of Williams College students, who captured a supposed bootlegger, and seized a cache of gin, will result tomorrow in Charles Kirtley, of this town, appearing in district court in Williamstown, Kirtley today should not guilty to charges of illegal keeping of intoxicating liquor with intent to sell, arising from a raid on his store here Saturday night. One of the students who captured the supposed bootlegger a few nights ago recognized Kirtley as the man he assisted in overpowering.

MOTHER AND 3 BURNED TO DEATH; 2 ARE SAVED

Harpsburg, Pa., April 3 (AP)—Mrs. Fern Mosley and three small children were burned to death when their home near Bloomfield, Pa., today, according to word received here. The husband and four-month-old baby escaped, the latter being only slightly hurt when tossed from an attic window.

Plans are being made by the Red Cross to help the family. Mrs. Mosley is now in the hospital. Call Liberty 8005. Ask for an address.

Great Story on Life; Gripping as a Novel; Fascinating as a Movie

CHAPTER 43
WHEN YOUNG...
The story continues with a gripping account of the events surrounding the discovery of the body of a young woman, and the subsequent investigation by the police. The narrative is filled with suspense and detail, capturing the reader's attention from the very beginning.

By the time the body was found, it was already a matter of days since the young woman had disappeared. The police were working hard to find out what had happened, and the public was holding its breath, waiting for the next development in the story.

The investigation was a long and arduous one, but the police were determined to find the truth. They searched every corner of the city, and finally, they found the body in a remote spot. The discovery was a shock to everyone, and the case became a major news story.

The case was a mystery, and everyone wanted to know what had happened. The police were working hard to solve the case, and the public was following the story with great interest. The story was a gripping one, and it was hard to put down the book.

STANDARD OIL COMPANY OF NEW YORK

IS YOUR CRANKCASE READY FOR SPRING?

Socony dealers will save the motorists of New York and New England many thousand dollars this week by asking courteously, "Is your crankcase ready for spring?"

WE have instructed Socony dealers to ask this question.

Cars are ruined every spring because owners merely add a little clean oil to the dirty, diluted oil that has been in the crankcase all winter.

Now, at the beginning of warm weather, is a good time to get this straightened out. Winter driving is hard on motor oil. Cold weather starting demands repeated use of the choke, shooting raw gasoline into the cylinders. Some of this seeps down into the crankcase, cutting the oil, diluting it. This thin, diluted oil is almost as bad as no oil at all.

Every automobile engine accumulates dirt. Some of this comes in through the air-intake as dust. It is collected by the oil, and eventually it gathers in the bottom of the crankcase as a sediment.

It contains grit. Oil that has grit mixed in it ceases to be a good lubricant and tends to become a grinding compound. And grinding compound is worse than no oil at all.

Drive in to the most convenient Socony Station and tell the Socony man to get your crankcase ready for spring. He will drain the oil out. He will wash your crankcase with Socony Detergent Oil. This cuts out the dirt and leaves in place a new, clean, thin protecting film of Lubrication. Then fill up with Socony Motor Oil.

You pay only for the small cost of the oil. There is no harm for these services.

Set aside the few minutes today that are needed for this service. Insure the joy of your spring driving. Protect yourself against expensive repairs later on.

Socony Gasoline and Motor Oil must pass 13 rigid tests before they reach your car.

Round the Links with BOBBY JONES

By BOBBY JONES

National Amateur, British Open and Southern Open Champion. The average man, when trying to diagnose a golf swing, very often comes to regard his right hand as his worst enemy. He looks upon it as the cause of all his trouble, and as often as not, he decides that he must concentrate upon keeping his right hand entirely out of the stroke.

I quite agree that the member in question is the direct cause of a great many bad shots. But the fact is not that the right hand is a bad thing at all, but the method of using it.

Now, one must be careful not to let the right hand do too much. It should be used to control the club, but not to force the ball. The right hand should be used to keep the club in the center of the ball, and to keep the club from coming out of the hands. The right hand should be used to keep the club from coming out of the hands.

USE RIGHT ARM CONSCIOUSLY. I believe that the most common mistake made by the amateur is to let the right arm do too much. The right arm should be used to control the club, but not to force the ball. The right arm should be used to keep the club in the center of the ball, and to keep the club from coming out of the hands.
